5 Financial instruments

(a) Fair values of financial instruments

The carrying amount of cash and cash equivalents and non-interest bearing financial assets and liabilities approximates the fair value amount. The fair value of borrowings carried at amortised cost is \$3,542.8 million (30 June 2025: \$3,846.2 million).

The fair value of borrowings is estimated by discounting future contractual cash flows at the current market interest rates that are available to the Group for similar financial instruments. The market interest rates were determined to be between 4.1% and 7.4% (30 June 2025: 3.8% to 7.5%) depending on the type of facility.

The Group measures the fair value of financial instruments using market observable data where possible. Fair values are categorised into three levels with each of these levels indicating the reliability of the inputs used in determining fair value. The levels of the fair value hierarchy are:

- Level 1: Quoted prices for an identical asset or liability in an active market
- Level 2: Directly or indirectly observable market data
- Level 3: Unobservable market data.

The fair value of forward exchange contracts are determined as the unrealised gains/(loss) with reference to market rates. The fair value of interest rate swaps is determined as the net present value of contracted cash flows. The existing exposure method, which estimates future cash flows to present value using credit adjusted discount factors after counterparty netting arrangements, has been adopted for both forward foreign exchange contracts and interest rate swaps.

The fair value of cross-currency interest rate swaps is determined as the net present value of contract cash flows. The future probable exposure method is applied to the estimated future cash flows to reflect the credit risk of the Group and relevant counterparties.

The Group's derivative financial instruments are classified as Level 2 (30 June 2025: Level 2). During the interim reporting period to 31 December 2025, there were no transfers between Level 1, Level 2 or Level 3 in the fair value hierarchy (30 June 2025: nil).

Conclusion

We have reviewed the interim financial report of Aurizon Network Pty Ltd (the "Company") and its subsidiaries (the "Group"), which comprises the condensed consolidated balance sheet as at 31 December 2025, and the condensed consolidated income statement, the condensed consolidated statement of comprehensive income, the condensed consolidated statement of changes in equity and the condensed consolidated statement of cash flows for the half-year ended on that date, notes to the financial statements, including material accounting policy information and other explanatory information, and the declaration of the directors as set out on pages 2 to 20.

Based on our review, which is not an audit, nothing has come to our attention that causes us to believe that the accompanying interim financial report of the Group does not present fairly, in all material respects, the financial position of the Group as at 31 December 2025, and its financial performance and its cash flows for the half-year ended on that date, in accordance with Accounting Standard AASB 134 *Interim Financial Reporting*.

Basis for Conclusion

We conducted our review in accordance with ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity*. Our responsibilities are further described in the *Auditor's Responsibilities for the Review of the Interim Financial Report* section of our report. We are independent of the Group in accordance with the ethical requirements of the APES 110 *Code of Ethics for Professional Accountants (including Independence Standards)* issued by the Accounting Professional and Ethical Standards Board Limited ("the Code") that are relevant to our audit of the annual financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

Directors' Responsibilities for the Interim Financial Report

The directors of the Company are responsible for the preparation of the interim financial report in accordance with the Accounting Standard AASB 134 *Interim Financial Reporting* and for such internal control as the directors determine is necessary to enable the preparation of the interim financial report that is free from material misstatement, whether due to fraud or error.

Auditor's Responsibilities for the Review of the Interim Financial Report

Our responsibility is to express a conclusion on the interim financial report based on our review. ASRE 2410 requires us to conclude whether anything has come to our attention that makes us believe that the interim financial report does not present fairly, in all material respects, the financial position of the Group as at 31 December 2025 and of its financial performance and its cash flows for the half-year ended on that date, in accordance with Accounting Standard AASB 134 *Interim Financial Reporting*.

A review of an interim financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
